Your 2025

Mileage Estimates

Tax season is officially here and we're providing Dashers with mileage estimates and tip earnings for reference while filing your taxes. Keep in mind that DoorDash cannot provide you tax advice. If you have any questions about your own taxes and what business-related expenses may be deductible, please consult a tax professional.

Here are your 2025 mileage estimates:

On-delivery mileage (calculated from when you accepted deliveries until you marked them complete. This estimate only includes offers that you completed)

1045.38 miles

Total Dash mileage (calculated from when you start to dash until you end your dash. This estimate includes mileage traveled before, during, between, and after deliveries)

2613.08 miles

Please note that these estimates only include mileage for dashes completed in cars.

NEW FOR 2025: TIP EARNINGS

Starting with the 2025 tax year (through 2028), Dashers may be eligible to deduct certain tip income from their federal taxable income under new federal legislation.

Total tip earnings for 2025: $801.25

- Up to $25,000 in tips per year **may** qualify for a federal tax deduction
- This applies to tips earned through the DoorDash platform
- You don't need to itemize deductions to qualify

Important: A deduction reduces the amount of income you're taxed on—it does **not** mean tips are automatically tax-free, and eligibility is not guaranteed. Tips are still reported as income, and whether you can deduct them depends on factors such as your total income and filing status.

This is a federal tax change only. State and local taxes may still apply.

Note: This is not a tax form, this information is provided for your reference and may be helpful when preparing your personal tax return. If you earned the applicable amount and are eligible to receive a Form 1099 for tax year 2025, it has been sent separately according to your delivery preference. Your Form 1099 reports your total earnings for the year and should be used for official tax reporting purposes.

We're proud to have advocated alongside nearly 40,000 Dashers to help ensure independent contractors were included in the No Tax on Tips federal legislation. Thank you for making your voice heard. Want to keep informed on other government policies that could affect you? Join DashRoots - the DoorDash Advocacy Network!
